The Research Career Development Program (RCD) offers workshops, classes and seminars in subjects that are critical to an academic research career, including Grant Writing, Publishing Your Research and Presenting Your Research. We also offer a wide range of workshops and services in professional skills development (interviewing, CV/resume writing, presenting your research, career counseling, etc) as well as a seminar series in scientific leadership and project management. To view the workshop calendar, workshop descriptions, funding sources, NIH news, grant deadlines etc., please visit: [http://medschool.umaryland.edu/career/](http://medschool.umaryland.edu/career/).

### Working in a Federal Public Health Agency: Perspectives from a FDA Reviewer (career discussion)

**Tuesday, May 8**  
**12:00 – 1:00pm**  
**621 W. Lombard Street, SMC Campus Center, Room 351**

**Guest speaker:**  
Brinda Dass, Ph.D., Biologist - Center for Veterinary Medicine (CVM), Animal Biotechnology Interdisciplinary Group

This seminar will provide an introduction to the Food and Drug Administration (FDA), including various research opportunities and career paths. Join Dr. Dass as she shares her current experience as a reviewer with the Animal Biotechnology Interdisciplinary Group in the Agency's Center for Veterinary Medicine as well as her prior experience completing a FDA Commissioner's Fellowship.

Dr Dass has an undergraduate degree in animal biology and completed her doctoral research at Texas Tech University Health Sciences Center in Lubbock, Texas on RNA biology and molecular reproduction in the laboratory of Dr. Clinton MacDonald. She also has experience in preclinical drug testing for childhood cancers and animal models of disease. This foray into clinical research also included training in clinical research management and human drug trials. Her current position as a biology reviewer requires her to lean heavily on all these skills.

### Practice Your Interviewing Skills (Mock Interviewing Workshop)

**Thursday, May 24**  
**3:00-4:30pm**  
**621 W. Lombard Street, SMC Campus Center, Room 351**

**Targeted audience:** graduate students and postdocs

This interactive workshop, led by Derek Haseltine, Director of Research Career Development, will provide participants the opportunity to further develop their interviewing skills by participating in a mock interview. Participants will work with a peer and have the chance to serve as both the interviewer and interviewee to gain a richer understanding of the interview process. After this exercise, participants will receive feedback on their strengths/weaknesses as well as instruction on how to effectively prepare for future interviews.

After registering, participants will be required to send a CV/resume and indicate future position(s) of interest. A mock interview will then be constructed by the course facilitator, based on this information. **Limited to 20 participants.**
